Moose Aircraft Experience

Moose Fabrication

- ✦ Personally built two complete Murphy Moose aircraft
- ✦ Built another fuselage quick-build from basic fuselage kit
- ✦ Supervised and assist two full-time staff who have:
 - ✦ Completed the construction of two Moose aircraft to 80% completion (everything except wiring & engine installation)
 - ✦ Upgraded 2 sets of Super Rebel wings to Moose wings
 - ✦ Added extensive fuselage modifications and a complete avionics upgrade to another aircraft
- ✦ Fabricate custom Moose after-market parts
 - ✦ Elevator, Rudder, Stabilizer, Vertical Fin custom hinges w/ KP-4 bearings
 - ✦ Main gear leg reinforcement bracket
 - ✦ Clients throughout North America and Australia

Moose Assembly Assistance

- ✦ Regularly answered questions on the primary builder support on-line forum regarding Super Rebel & Moose build issues, problems and questions
- ✦ Receive on average 2 to 4 phone calls per week on build & upgrade questions

Pre-purchase Inspections

- Completed 12 pre-purchase inspections for customers who were considering purchasing Moose (or comparable Super Rebel aircraft) from third-parties

Moose transition training

- Advised & flew with 5 Moose builders or new owners on “best practices” for operating and maintaining their Moose aircraft
- Performed flight transition training for these owners on Moose flight characteristics (e.g. preflight, taxi, takeoff, unusual attitudes, stalls, cruise flight, landings)
- Provide clients with proprietary transition training manual and related flight documents, e.g. POH, Condition Inspection Guide

Flight Experience

- Highest time pilot in Moose & Super Rebel aircraft world-wide (to the best of my knowledge) with 850+ hours
- Experience in both radial engine and Lycoming powered Moose (& SR) aircraft

Moose Ferry Pilot

- Hired by customer to ferry their Moose from Vancouver to Yellowknife, Northwest Territories, Canada
- Hired by another customer to ferry their Moose from Colorado to Ohio
- Ferried Super Rebel from Fairbanks to Denver for yet another customer
- Ferried Moose to/from Cottonwood, AZ to Denver.

Expert Witness

- Retained by client & national aviation law firm as an expert witness in Moose construction & repair for a trial in United States Federal District Court

Reference

- Recognized by the World-Wide Moose factory sales representative (Mr. Bob Patterson, Patterson Aero Sales, <http://pattersonaerosales.com/>) as THE Go-To Advisor for anything Moose or Super Rebel related
